A photograph showing a newly constructed concrete walkway with a metal gate. The walkway is made of several rectangular concrete slabs separated by expansion joints. To the left of the walkway is a light-colored concrete wall with a metal gate featuring decorative finials. To the right of the walkway is a large pile of dirt and debris, suggesting recent excavation or construction work. In the background, a few people are visible near a building.

For M/s. RAM & COMPANY

A group of men are standing in front of a building with arched windows. To the left is a large pile of dark material, possibly coal or gravel. To the right is a yellow truck. The men are dressed in casual clothing, including shirts and trousers. The building has a distinctive architectural style with arched windows and a balcony.
